I used Minute Rice and followed the instructions in here, although I'm sure I could have found a rice recipe and how-to videos online for free. The rice is the only recipe I use from this book. We actually use a to-go menu from the restaurant we frequent to recreate our favorite rolls. It's not that hard.. just buy ingredients you love and roll 'em up. 0 of 0 people found the following review helpful. It is okay. Has a few good recipes.
