From Sunset Pub Co : Best Kids Cookie Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Best Kids Cookie Book:

0 of 0 people found the following review helpful. Had this cookbook since I was four years oldBy K.J.I bought a copy to send to my long distance boyfriend so we could bake together over Skype. This was perfect; sentimental and every recipe is so easy and delicious!3 of 3 people found the following review helpful. The Best for Adults Too!By MariaI used this as a kid and then kept baking the recipes over and over again through adolescence and then this my young adulthood. I feel stupid reading reminders to use a potholder before I grab a hot baking pan, but lordy these cookies are not only super-easy and quick, but delicious. They will not last around the house, and make great gifts. I remember the chocolate chip cookies, the oatmeal cookies, and the jam fingerprint cookies as especially good.2 of 2 people found the following review helpful. Best Cookie Recipes EverBy ConnieI have used this cookbook with all three kids and they still cook with it at age 21, 18, and 13. The oldest is now 21 and moving away and I ordered one for him to take with him. Also ordered copies for the others to carry with them whenever they leave home.

A cookbook for children with a sweet tooth includes step-by-step instructions and detailed illustrations designed to help youngsters learn how to bake and make delicious cookies.
