Then ended up ordering a copy for my daughter as well. She grew up eating a lot of food from this cookbook, so wants to carry on the tradition! The recipes are simple to follow with ingredients easy to get a hold of. There is a great selection of items and for us many of them have become family favorites.2 of 2 people found the following review helpful. Lost book found!By mkThis is a bread recipe book I first recieved when I got married.....50 years ago this year. I lent it to someone and never got it back. There are some recipes in it I was never able to duplicate. I am thrilled to have found the book on . Thank you.0 of 0 people found the following review helpful. Great little cookbook.By DollyGreat collection of recipes with easy step by step diagrams. This was a replacement for the very worn copy I used as a young wife and mother. Excellent condition and quickly shipped.
