Great book of fond memories!By goofyoneHad this book growing up, I first learned to bake the cinnamon swirl loaf of bread that my grandfather just loved. Recently I was thinking about how many great recipes were in this old book, I was so thrilled to have found it used. It was in great condition and has helped complete my recipe book collection!0 of 0 people found the following review helpful. The delivery was prompt and everything was exactly as expected! Now I can bake these recipes for my family once again!!!0 of 0 people found the following review helpful.
