The poor thing ended up so abused and stained missing pages that I think my mom just ended throwing it away. I was so excited to find it on !! If you're lucky enough to own it, this one is great for parents and kids, lots of themed recipes, including holiday ones.I think my favorite recipe is still 'Snowball Surprise'.6 of 6 people found the following review helpful. Loved this book since I was a kid!By S. AndersonMy mom has had this book since I was a kid, and I always enjoyed making cookies out the book. I am now a mom myself and I searched everywhere to find this book because my mom still uses hers and I wanted one of my own. I finally found it here on and was thrilled. The recipes are easy to make and fun to do with kids. Definatly a book that every mom should have.1 of 1 people found the following review helpful. I baked with our children from this cookbook when they were youngBy Happy ShopperI ordered this as a gift for my adult daughter who will hopefully have children she can bake with. All three of our children remember using many of these recipes, especially the Cyclops Cookies. A cookbook like this is what makes happy childhood (and adult) memories. I hope to find the same cookbook for each of our sons.

Text and photographs present detailed instructions for making a variety of cookies, including holiday, no-bake, and "natural" ones.
