Better Homes and Gardens : Better Homes and Gardens Old-Fashioned Home Baking (Better Homes Gardens Test Kitchen) before purchasing it in order to gage whether or not it would be worth my time, and all praised Better Homes and Gardens Old-Fashioned Home Baking (Better Homes Gardens Test Kitchen):

1 of 1 people found the following review helpful. Happy with this purchaseBy A. A. U.I happen to enjoy baking, and usually have success with the Better Homes Gardens series. So when I came across this, saw the good reviews, I got a copy.On a service note, it came in good condition, as advertised; it also came in a timely manner.-----Contents include:Homemade Breads-popovers, biscuits scones, muffins quick breads, coffee cakes, yeast breads, croissants Danish pastries. There's also information on shaping.Old Time Baked Desserts-Hard meringues, cobblers, bread puddings, baked fruits, betties crisps, custards, cheesecakes.Home style Cookies Crackers-bar cookies, drop cookies, shaped cookies, sliced cookies, cutout cookies, crackers. Special packaging ideas.Favorite Cakes Frosting-creamed cakes; angel, sponge, chiffon cakes; specialty cakes; frostings. Special decorating ideas.Country Pies Pastries-pies dumplings, cream puffs, puff pastry, strudels phyllo. Special pie tops edge ideas.Baking Basics-----There are a few recipes I probably won't try. For example, I'm not fond of meringue cookies, so I will pass on those. But that's simply because of personal taste, not because of a problem with the recipe. I read through a few recipes, and they were easy to

follow. I like the variety of desserts covered in the book, including some ethnic desserts like Vanocka bread. And a few savory recipes are included, such as ham-onion bites and ham cheese pastry twists. Lots of color pictures hints. Not too cumbersome of a book, also. Now for cooler weather so I can start baking! (I don't usually do much in the summer.) 2 of 2 people found the following review helpful. Delicious and Delightful By fruitloop I've collected a large library of cookbooks by Better Homes Gardens over the years, and this one doesn't disappoint. It's chock-full of delicious recipes, all tested by BG's kitchen, that will make your mouth water just reading them. Long-time cooks will love this yummy collection of new and timeless favorites, and there's a chapter with instructions and baking tips for new chefs. This book would make a great gift for a friend, your child who is learning to cook or a young adult setting up their first home. Highly recommend this cookbook. Be sure to try the Cream Cheese Savory Muffins, the Double-Chocolate-Almond Cheesecake and the Fruit Crumb Bars!!! 2 of 2 people found the following review helpful. Love love love By Brittany Sadly, I was never taught to cook but I've been taking an interest in baking. The only baking I've done so far is chocolate chip cookies, cake, and biscuits (that failed miserably). All of those were off Pinterest and even though they don't turn out half bad, it's just not the same. Pinterest is filled with easy shortcuts that don't give stuff the same great taste as 100% homemade. I'm very excited to use this book, and think it's amazing it comes with the nutrient facts. I'll end up having to take all my baked goods to work because if not I'll gain a 100lbs lol I bought it used, but it looks brand new!

Here is a collection of more than 500 delicious, home-style recipes using the simplified baking techniques of today. Recipes contain step-by-step instructions for easy preparation.
