KeenanWe own a number of cookbooks and this is at the top of the list in must have books.Borrowed if from the Library and the day we turned it back in we ordered it from .It's a wonderful book with lots of different types of recipes. It covers the meats, the veggies/sides, main dishes such as foil cooking, dessert.. not everything is cooked on the outdoor grill which is another great thing about this book.2 of 3 people found the following review helpful. Great for a beginner!By LizI wanted something to help me learn to use my grill. This was a great choice. I got a copy at the library and liked it so much I bought my own copy. There are great instructions and explanations on

using a grill as well as tasty Betty Crocker recipes. I would recommend this highly.
