Betty Crocker : Betty Crocker's American Country Cooking before purchasing it in order to gage whether or not it would be worth my time, and all praised Betty Crocker's American Country Cooking:

0 of 0 people found the following review helpful. Nicely-done cookbookBy Doug ErlandsonIt's been about thirty years since we received the "Betty Crocker's American Country Cooking" as a gift. Over the intervening three decades we've made quite a few recipes from it, and it's been a nice addition to our cookbook collection. Like all the Betty Crocker cookbooks, it's nicely put together, with plenty mouth-watering pictures of the completed recipes. The cookbook covers recipes from appetizers and salads through main courses, all the way to desserts. Each of the recipes is indigenous to one or another part of the country. Above each recipe is a short blurb that states what region the recipe is from and also gives a brief history of the recipe.
