Betty Crocker : Betty Crocker's Cooking for one before purchasing it in order to gage whether or not it would be worth my time, and all praised Betty Crocker's Cooking for one:

It uses everyday foods, nothing fancy. I also like the fact it suggests freezeing portions of meat to use in the recipies. Good clean used book but, my mailperson stuffed the glossy covered paperback into the small mail slot and creased the cover. What a shame. It is still usable but the cover now looks bad.0 of 0 people found the following review helpful. Five StarsBy sanford n mockgreat cook book.0 of 0 people found the following review helpful.
