A LOT of classic cookie recipes By Dlehma915 the cookies are good, but if you are a more advanced baker, you may be more comfortable with some of the more advanced cookies. The real advantage here is that you see pictures of every single cookie in the book. you can figure out if you did it right. another advantage is that instead of having to deal with the binding while cooking, the book opens up and lays down flat so you don't lose your page. 0 of 0 people found the following review helpful. Best Ever Cooky Book!!!! By Ellen A. Hopps Back in the early 60's my mother had the original spiral bound edition of Betty Crocker's Cooky Book. I remember, as a then 8 year old, pouring over the pages of colorful cookys, trying to decide which to ask my mother to

make next. I loved that book!! Now I now own use that book. The recipe for press cookys is just as I remember my mother's!! I have ordered many copies of this book for shower gifts over the years. Everyone can use a few good Cooky recipes in their repertoire!! I recently purchased it for one of my daughter's shower now that my last daughter is about to have her bridal shower in a few weeks, I am awaiting the arrival of her copy. The spiral binding makes the book easy to lay open keeps the pages flat so there is small chance of tearing. Nice book with lots of simple some advanced old fashioned recipes that are tried true! It was so beat up and used I was surprised when my daughter wanted it. I told her that I would get her a new one, but she insisted on the old one. Since I can't live without this cookie book, I bought the new one for myself. It is my go to cookie book.
