Recipes are good but the book is really too oldBy SunshineI was a bit disappointed to pay the kind of money for this cookbook due to the good reviews of other people. Probably would not have spent the money to get the book if I have seen it. However, it does have some of the recipes that I could not find in her more recent cookbook. Still, I would say, if you have the money, get a newer, better cookbook.5 of 5 people found the following review helpful. BACK TO THE FUTURE!By JUNEBUG51I bought this book for myself because it was published in my childhood years. The recipes are a blast from the past, too! I enjoyed it so much that I bought another for a lady friend who also enjoys reading about manners and the genteel times. But you don't have to go back as far as Jane Austen to relive it. How about 1959?
