General Mills : Betty Crocker's Easy Oven Meals before purchasing it in order to gage whether or not it would be worth my time, and all praised Betty Crocker's Easy Oven Meals:

0 of 0 people found the following review helpful. An okay cookbook...By Sue F.Easy Oven Meals is okay for anyone who wants to cook the whole meal in the oven at once...handy, but not necessary. This is an old book that I remember from my early years of marriage...before microwave ovens, etc.

Here's the answer if you like good food but don't want to spend hours watching over it. Every oven recipe on the menu - main dish, accompaniments, dessert - is whisked in to bake at one temperature.
