I prefer making them from scratch. However, I was able to make a yummy peppermint cake by improvising a white cake and just adding the rest of the recipe as I went along.6 of 6 people found the following review helpful. GoodBy aeligiaGood basic book, it has recipes for box cakes which I would not use but I guess it gives you options. Nice pictures. It's not a Rose Leavy Berenbaum book, but if you already know how to bake from scratch, it gives you ideas for variations. Definitely not enough a book on technique, just recipes.2 of 2 people found the following review helpful. Endless Cakes To TryBy Damian on WhidbeyThis cookbook is so much fun. I'll never have time to bake even half of the cakes in here but, oh what fun to read all the recipes and look at all the pictures. For the price, this is a value.
