Best cookie book ever.By Michael GurrPurchased this to replace my wife's original 30+ year old book that was literally falling apart from thousands of uses. Awese recipes.0 of 0 people found the following review helpful. Classics plusBy LC CollinsThis is a great cookie book because it has all the classics, plus some you probably haven't made. Unlike some cookie books the recipes and ingredients are straightforward, so you probably already have most of the ingredients on hand if you get in the mood to bake but don't want to go to the store. I do a lot of baking, and I have a lot of cookie books, and I love this one.0 of 0 people found the following review helpful. Wonderful!By classy qmWonderful book with great old recipes!
