Donna Rathmell German : Big Book of Bread Machines (Nitty Gritty Cookbooks: Bread Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Big Book of Bread Machines (Nitty Gritty Cookbooks: Bread Books):

5 of 5 people found the following review helpful. Five "The Bread Machine Cookbook" Volumes in One Book (Volumes 1, 2, 3, 5, and 6)By M. HinesThe description is a little unclear but this book is combination of the following five books:-- The Bread Machine Cookbook I-- The Bread Machine Cookbook II-- The Bread Machine Cookbook III-- The Bread Machine Cookbook V: Favorite Recipes from 100 Kitchens-- The Bread Machine Cookbook VI: Hand-Shaped Breads from the Dough CycleTherefore, if you buy this book you will have all of the content of the five individual books listed above.I already owned The Bread Machine Cookbook Volume 1, but I wanted to expand my library with the other books in the series.All of the original volumes were small paperbacks, but this is a traditionally-

sized hardcover book. I have included photos of this book and comparison photos of this book and Volume 1 (as an example). In comparing the "Volume 1" section of this book to the paperback Volume 1 I already own, there has only been some minor editing. If you buy this book the only Donna Rathmell German Bread Machine books you will be missing are:-- The Bread Machine Cookbook IV: Whole Grains Natural

Machine <http://www..com/gp/product/1558670955> As for the recipes themselves, there appears to be a great variety. I have enjoyed recipes from Volume 1, so I suspect I will like the recipes from the other volumes as well. I like variety, so I own a few other Bread Machine cookbooks as well. Other books I can recommend are:-- Bread Machine Magic, Revised Edition: 138 Exciting Recipes Created Especially for Use in All Types of Bread

condition of the book was great. The rye bread and sweet bread recipes are ...By Herbert George I have no caveats about giving this a 5 star review! This is actually the second time I purchased it. I used my first copy so much that some pages fell out (from my carelessness). When my bread machine broke I decided to toss it. After a few months I was really missing my bread machine and bought a new one. It came with some recipes and I bought some more recipe books at a used book store but I really missed this one. The library had it so I ended up checking it out a few times. I decided I couldn't do without it so ordered it. The condition of the book was great. The rye bread and sweet bread recipes are so good. The layout of the book is great and the recipes are easy to follow, It's the best bread machine recipe book I ever used. 0 of 0 people found the following review helpful.
