Much better than it looksBy AnnaThis cookbook might look dated and kind of silly, but it's the source of my favorite double chocolate cookie, blondie, chocolate chip cookie, and shortbread. The recipes seem well tested and there are lots of them.1 of 1 people found the following review helpful. It's a Cookie! No, it's 475 cookies!!!By NikThis is an amazing book. I own Martha Stewarts cookie book which has amazing recipes, but I needed a book just for the kids. This book is it. It has festive cookie recipes, classic cookie recipes and so much more.Not wanting to make those fancy cookies for the little ones, who just want something yummy and eye appealing, this book has it all. Totally happy with it, the recipes, the easy to follow directions and the clear format. It is a win, win, win situation. I too use this book when I just want cookies to snack on without the kind of long list of ingredients other cookie books provide.Although this book is out of print, there is an updated version of it, right here on for a swell price. Enjoy!The Ultimate Cookie Book (Better Homes Gardens Cooking)0 of 0 people found the following review helpful. good cookiesBy KSMLots of recipes...I probably could get these recipes not really
