Made with less sugar and more fruits or jams. Nice and simple and avoiding the extra fussiness that seems to go into so many baked goods today.If you want to have a sort of simple working man's tea, this would be the book for it. Bonus for me was finding seven shortbread recipes in the cookie section! I love shortbread, bring it on!0 of 0 people found the following review helpful. Imperial recipe measuresBy CustomerBeing a South African authoress I did not expect imperial measures in the recipes. Disappointed.

Features more than 150 recipes for cookies and breads to suit any occasion and includes hints on perfecting baking skills, full-color photographs of the finished product, and a handy glossary.
