ingredients without having to look the recipe up. The Wheat and Honey Wheat beads were very good. As for the Apple Pie bread it not only smells amazing as it is baking with the apples and cinnamon it tastes wonderful. Next on the agenda is Cinnamon Raisin bread and quite a few other recipes. The smell of fresh baked bread through out the house is wonderful. Then you cut yourself a slice of fresh baked bread which you then just slathered with butter or honey or jam and bite into it. YUM!3 of 3 people found the following review helpful. Great Book for BeginnersBy Patricia NadolnyI have made several of the breads from this collection of recipes and have not found one dud. I purchased this ebook at the same time as my bread machine. So I was experimenting with them both and was really pleased with the results. I found Annie Kate's forward about herself charming. All in all, the book is worth a look.1 of 1 people found the following review helpful. have not been disappointed yet. About the AuthorHi my dear cooking lovers. I am sure that if you read my books, you knew that I am a very cooking lover, when I was a little girl and my passion is from my mother- a cooking lover too. For the new friends, or whoever want to know about my biography, I will introduce about myself. I am Annie Kate- a normal girl but having a big passion with cooking. When I was a little girl, I loved the dishes my mother made for me. My mother is very good at cooking, and my passion with cooking is from her. The passion grows up with the little girl through the years. Up to now, I still love sitting at the kitchen as the first time I was touched the pans, the pots, and anything in my kitchen. Thus, I decided to create a series about cooking and each will focus on one theme, or one type of dish that can be easy to prepare and cook. The last thing I want to tell you is that you donrsquo;t need any great skills or experiences in cooking, you only need a big passion and a little bit patience, you will create many delicious dishes for your lovely children, family, or your friends! Letsquo;s get ready to enter the cooking lovrersquo;s world!
