recipes. Each recipe starts with a short summary and prep and total time and servings. List of ingredients are included are some are foreign foods, might have a hard time finding them at the local store. Color photo and instructions are included. There is no nutritional information and you might be able to substitute for your dietary healthier needs. What I do like is the fact that many come from other countries and they sound and look so appetizing. Everything from basic American bread to Mediterranean pita bread. Can't wait to try this one as we tend to use a bit of that more than any breads. I would use whole wheat flour myself. Sweet dessert type breads are included at the end. 0 of 0 people found the following review helpful. Three Stars By biff101 Good Read, Free when I got it.
