This is mostly just a rehash of generic information that can be found in the box of any basic brew kit and can be found anywhere for free. Very poor product.4 of 4 people found the following review helpful. Good little readBy M. EllisGood guide that is worth the price. Good read for people looking into this option for home brewing. I was thinking about this option and it laid out all the steps for the

guy that is ready to make the transition to all grain.0 of 0 people found the following review helpful. A Very Good Book.By Ronald JohnsonExcellent book for a novice.
