Jamie Floyd, Erik Spellmeyer : Brew It Yourself: Professional Craft Blueprints for Home Brewing (DIY) before purchasing it in order to gage whether or not it would be worth my time, and all praised Brew It Yourself: Professional Craft Blueprints for Home Brewing (DIY):

0 of 0 people found the following review helpful. It offers the reader a good understanding of the process without being intimidating or overwhelmingBy MrthomcollinsThis is a very basic introduction to home brewing. It offers the reader a good understanding of the process without being intimidating or overwhelming. This is a quick read and I would suggest it for anyone with a limited or passive interest in the hobby. It's almost more of a pamphlet, really. I agree with about 90% of the material presented while raising my eyebrow at the other 10%, but people brew in different ways. I'd say that if you know absolutely nothing about how beer is made and you don't have a lot of time to dedicate to learning, this text would be preferred.If you really want to learn "how to brew"... read Palmer

Brew It Yourself is a DIY home brewing guide, which outlines the key methodologies for the two most common home brewing techniques: extract and all-grain brewing. Erik Spellmeyer provides professional advice on how to get started from square one at home, introducing the reader to the industry jargon and terminology, while providing clear instruction on the formalities of home brewing. It gives the reader a sense of comfort in what appears to be a complicated endeavor, using language to keep them feeling secure laying out their own blueprints for brewing success. Brew it Yourself encourages the reader to take what they learn and use that knowledge to create their own recipes and experiment on their ideas. Equipped with illustrations, images, glossary, photography, and step-by-step assembly instructions for building your own equipment, This is an all-in-one guide to getting started, no matter where you are in your brew knowledge.

About the Author Erik Spellmeyer is a former cellar-man of Ninkasi Brewing and has been a longtime craft beer enthusiast. He is the head of sales and works on title development at Microcosm Publishing. He lives in Portland, Oregon. Jamie Floyd is the founder and head brewer of Ninkasi Brewing Company and was the head brewer of Steelhead Brewing Company from 1997 to 2005. He is a nationally known beer enthusiast who has written the recipes for this book. He lives in Eugene, Oregon.
