Brewers Publications : Brewery Planner, Second Edition: A Guide to Opening and Running Your Own Small Brewery before purchasing it in order to gage whether or not it would be worth my time, and all praised Brewery Planner, Second Edition: A Guide to Opening and Running Your Own Small Brewery:

0 of 0 people found the following review helpful. Well worth the money!By Christine ShuckThis was somewhat dry reading but excellent nonetheless. My husband and I both read it cover to cover when considering opening a brewery. We ended up not taking the hobby to a professional level, but I highly recommend this book nonetheless.Well worth the money!0 of 0 people found the following review helpful. Lot's of good advice. The book that showed up was well ...By Elizabeth HaffnerLot's of good advice. The book that showed up was well used, and was not specified as used

when I bought it. That's not a deal breaker, just a surprise.3 of 3 people found the following review helpful. Eye opening
By Gregory A. Schertzer
If you are a home brewer without commercial brewing experience that wants to take your brewing to the professional level then this book is a must. This book costs a pretty penny but it will save you money in the long run and open your eyes. This doesn't get into the prices of equipment but as you read you will see that equipment prices are the last of your worries.

Thinking of opening your own small brewery or improving your existing brewing operation? Get the expert advice you need to make your brewing operation a success from the completely revised second edition of the Brewery Planner. This all-new edition brings brewing professionals to you, sharing their secrets and offering advice. Chapter after chapter, you'll learn how to build your business successfully and avoid costly mistakes.
