**Peyton and Byrne : British Baking** before purchasing it in order to gauge whether or not it would be worth my time, and all praised British Baking:

3 of 3 people found the following review helpful. Quite pleased. By Bénédicte The lemon posset is absolutely divine...and there are many lovely desserts from my youth in here. I like my BBC British book of Baking and The Great British Bakeoff more though...they offer a bit wider range of baked goods. I will say I much prefer these classic desserts to the more modern 'celebrity chef' cookbooks. 0 of 0 people found the following review helpful. Very Brit! By Carmen Adorno It is a pleasure to read this book. It is written in a very British way, which is endearing for me. With clear and precise explanations, this book is very well written and contains very good recipes, such as Millionaire's Shortbread and Bakewell Tart. The book also brings a track record of each of them: when it was created, where, why, etc. A very enriching book, no doubt about it. 0 of 0 people found the following review helpful. Five Stars By Elizabeth Beer Fantastic.

A mouthwatering collection of unabashedly British treats by London's foremost bakers
