really do like the Paula Deen butter cakes that I used to buy at a local store. They have stopped selling them And I haven't had one for a while. I was very happy to see this cook book with recipes for different types of butter cakes. I have tried a couple of the recipes and they have turned out very well. There a few more that I want to try the next time that I need a cake.0 of 0 people found the following review helpful.
