European style sweetsBy little_pea76This mini book is a great go-to for quick recipes to make when you're craving a sweet pick-me-up with a cup of coffee, or have unexpected company. The recipes have a very European flare, not too sweet but appealing. Some are more labor intensive, but I love the

quick ones, like Greek Almond Crescents, yum!

All those cakes you love to eat in cafes are here: carrot cake, sacher torte, chocolate mud cake and friands. While cafe cakes are absolutely delicious, and they look wonderful, they're not difficult to make. For morning coffee or a special dessert, the cakes in this collection should impress. Each book in The Australian Women's Weekly mini-series features a collection of recipes that is based on fresh, readily-available ingredients. Each recipe includes a photograph, simple instructions and has been triple-tested by The Australian Women's Weekly Test Kitchen.
