of the new and unique recipes!! There are adult cakes balls (flavored with booze), homemade cake balls that do not require a boxed cake mix but using a genuine recipe from the author, cookie based cake balls, cream cheese based cake balls, etc!! All of them sound so yummy!! I wish the author gave photos but she didn't. I am a stickler when it comes to reviewing cookbooks and usually give the author 3 stars if there are no photos. However, this book is the exception. Her recipes are wonderful!! I cannot wait to try them!! I am giving this book 5 star!! 4 of 4 people found the following review helpful. Cake balls takeover.. Cake ball recipes from .By Marie Beaver I'm always interested in a new idea /way to make food... the Cake ball is such a fun item..and is appropriate for all ages.. Youngsters love the fun of it, whether on a stick or not. Oldsters enjoy the "youthful dessert" to be in on the fun of it. Such ease of prep.. designing the finished product is easy as well.. one can freeze the cake balls in stage one and have them ready for dipping as the time comes to serve them. have experimented with all types of covering.. Here's to fun desserts. marie Beaver 0 of 0 people found the following review helpful. Cake Balls By Auntycon Oh the grandkids love these. I let them help me make them too. Easy and bite size cake. Who would not love these? I like the way the recipes are written and how easy they are for teens to follow.
