Have made several of the animals and they have come out perfect the first time.0 of 0 people found the following review helpful. Cake CharactersBy GregThe directions are easy to follow and the sizing chart is easy to work with. The animals themselves however are very simplistic and "caroon-y" looking. I didn't really care for many of the final results that are presented in the book.0 of 0 people found the following review helpful. MedioBy AdaliaEste libro tiene muy buenos tips de elaboracioacute;n, sin embargo, parece muy antiguo. El libro fue elaborado hace pocos antilde;os, pera los disentilde;os y la fotografiacuate;a se ve muy antigua. Hay libros mejores.

Imagine the surprise of a toddler whose birthday cake is topped by a cute pig lolling in royal icing “mud!rdquo; Or the delight of a mom-to-be whose shower cake features a teddy bear on a pink or blue blanket. These are just two of 30 spectacular projects in this delightful idea book for do-it-yourself cake decorators. Adorable animals, as well as a snowman, clown, Santa Claus, and more come to life in three-dimensional marzipan. Therersquo;s a “Basic Recipe and Techniquesrdquo; section and detailed instructions on how to set poses and facial expressions. Best of all, the author offers invaluable tips on personalizing her ideas to fit any occasion and honoree.

About the Author Ann Pickard runs a successful wedding and special occasion cake-making business in Weston-super-Mare in Somerset, UK. She has written several titles on cake making and decorating and has also produced a number of DVDs on the same subjects. Bath Bombs 9781861086150
