Terrific for Cake DecoratersBy SandraI have collected the Wilton Yearbooks since the late 1960's I refer to all of them for new ideas AND old ideas that are still terrific! I have made multiple wedding cakes, birthday cakes, special event cakes, etc. I have always received praise for my work...which I know comes from my Wilton Cake Decorating class background.0 of 0 people found the following review helpful. 2012 year bookBy Susan WhismanI'm new to cake decorating, and this year book has been wonderful. I have gotten some really great tips, I love looking at the book to, I keep thinking "I want to do that and, that, and that, and, that". I realize if I do them then I will be really, really big, because I would eat what I would make. :)0 of 0 people found the following review helpful.
