**Evelyn Wallace : Cake Decorating and Sugarcraft** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cake Decorating and Sugarcraft:

Cake Decorating and Sugarcraft by Evelyn WallaceBy MustangromI have had a soft cover version of this book for years and it's great! especially if you have some cake decorating experience as I did, lots of ideas and how-to's like layering, lace and flood work. Its a little dated but that's it's charm. I can't remember how much I paid but it definitely wasn't \$30. A neat book.

Hardcover, cooking techniques cookbook.
