When you have kids, a husband, and a household, you appreciate simple, time saving instructions soo much. You want great cakes, but not have to spend a whole lot of time making them. Its great, you will love it, and will not regret buying it.1 of 1 people found the following review helpful. Create tasty treats using easy-to-make recipes...By H. HansenThis cookbook came highly recommended to me by a friend, and after trying several of the recipes myself, I can see why. This book is packed with recipes, so I haven't tried them all, but everything I have made so far has been phenomenal. Soft, tasty, fast, and best of all - easy to make! It should be noted from my own trial and error experiences, that some recipes in the book call for a certain brand and flavor of cake mix, while others skip the brand and just specify a flavor. There is a difference! If they specify, use the exact mix the recipe calls for to get the best results. You won't go wrong either way, but they definitely come out better when you use what they recommend. My only complaint would be that this cookbook has resulted in a slight weight gain from sampling all the delicious treats! :-)

Christmas and included different flavored cake mixes, chips, and puddings and it was a hit!! The best thing about baking the cookies is that there isn't a huge batch and you are done from start to finish in about 30 minutes with only a few ingredients. If you like chocolate, there are two recipes that are so gooey and chocolately that I can't even eat them but everyone else LOVES them. I love to bake so I am really a critic when it comes to recipes and you won't be disappointed. Every recipe that I've tried has been excellent.

Your Guide to Baking with Cake Mix. Nothing could be easier than baking a cake using a cake mix. And with helpful hints, decorating tips and easy-to-follow recipes in *The Cake Mix Bible*, you can create so much more than just an ordinary cake.
