No pics, but recipes OKBy Karen V.Very disappointed with this book. The only picture is on the cover. It's always nice to have a picture of the item being made so you know what the end product should look like.8 of 8 people found the following review helpful. Baked The Easy Way!!!By TheSuiteQueenBaked the easy way - and that's the way I like it!!! Why make it from scratch when you can have something equally as good - if not better - the easy way?!?There are cakes in this book that I would never attempt the old-fashioned way - but with a little help from a boxed cake mix - all of a sudden they are in my realm of possibility!!!I can't even pronounce 'Swiss Apfelkuchen' - but now I'm making it!!! Thank you Geraldine Duncann - you have opened up a whole new world for me!!!
