**DK Publishing : Cakes (101 Essential Tips)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cakes (101 Essential Tips):

2 of 2 people found the following review helpful. All bakers need this book. By A Customer A truly excellent resource for all bakers. This small book has photos and descriptions of what the consistency of your batter should be at different mixing points. The book doesn't spend pages on descriptive text or childhood culinary memories and none of the ingredients listed are exotic. I even had all the ingredients and already owned all the utensils I needed to start cooking immediately. Trust me - just buy this book! 2 of 3 people found the following review helpful. Teenager very pleased! By A Customer I being a teenager and knowing practically nothing about baking, this book sure came in handy. I seem to always need to bake a cake for some occasion. I would recommend this book to all people who need

a little boost in their baking knowledge.2 of 2 people found the following review helpful. Comprehensive, informative guide to cakes.By A CustomerThis book, though small in size, offers a wealth of information on many varieties of cake -- cheesecakes, meringue cakes, whisked cakes, etc. Included are recipes, decorating methods, and useful tips.
