From Brand: Periplus Editions (Hk) : Cakes (Le Cordon Bleu Home Collection) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cakes (Le Cordon Bleu Home Collection):

2 of 2 people found the following review helpful. Not the recipes that I had expected - but great nonethelessBy Barry O.I am quite familiar with Cordon Bleu cookbooks and cooking techniques. They are excellent. That is why I am giving this book 4 stars. However, this book contains recipes for mostly fruit cakes, banana cake, coffee cakes, etc. That is not what I had expected when I ordered it. I was looking for some unusual, creative cakes with butter cream and whipped cream and chocolate mousse, etc. I went ahead and made the madeleine recipe and served it with strawberries macerated in Cointreau and sugar and it was divine!0 of 0 people found the following review helpful.
