**Benjamin Darling : Cakes Men Like** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cakes Men Like:

0 of 0 people found the following review helpful. Five StarsBy BunnyWhat a fun book this was! I LOVE vintage recipes and this was a very fun and funny read!2 of 2 people found the following review helpful. Cakesorama!!By Nancy JafferI loved this book so much I just had to write a review! Cakes Men Like looks like one of those tacky little so-called books I always see on the racks with the \$5 book marks at the bookstore when I'm waiting in line for the cashier. You know the ones. They're usually well meaning but pitiful, overly long, hardcover greeting cards designed to snag the impulse shoppers. Cakes Men Like is another story. It's a compact, deco style treasure, a work of art, full of cake recipes that range from the disgusting to the divine. On the one hand, there is PORK cake (ugh!) but on the other there is a caramel icing recipe (yum!) that I am going to try tomorrow.I picked this little gem up with 50 other books to sell. When I sat down with it to write my listing, I found I just couldn't bear to part with it and so I wrote this review instead.1 of 2 people found the following review helpful. Cakes for every occasion... and then some!By A CustomerA wonderful parody of what life was like in the years when "the phrase 'two-income family' was but a twinkle in the eye of an economist...". Some truly amazing and unappetizing recipes (and illustrations to boot!) for cakes that, yes, your mother and or grandma may very well have tried in a desperate attempt to salvage domestic serenity. Nonetheless, a must have for those who are not afraid to put 7-Up into batter or pour boiling water over salt pork to make a cake. Stick to the first two or three recipes, and you can't go wrong. Bon appeacute;tit!

In the '30s, '40s, and '50s, food companies competed for housewives' loyalty by giving away illustrated recipe booklets. Decorated throughout with cheery color illustrations culled from the original pamphlets, this compendium of the best (and most incredible) cake recipes of the era will amuse and instruct bakers everywhere.
