Julie Duff : Cakes Regional and Traditional before purchasing it in order to gage whether or not it would be worth my time, and all praised Cakes Regional and Traditional:

Shortlisted for the 2004 Glenfiddich Book of the YearJulie Duff runs an award-winning cake business, which supplies wonderful rich succulent fruit cakes and other traditional cakes to some of the country's premier shops, such as Fortnum Mason. Her most treasured collection of recipes, some of them from generations of her own family which was first published to huge critical acclaim in 2003 has now been revised and updated.She says in her introduction 'my passion for cakes can be wholeheartedly blamed on my grandmother who spent many hours letting me mix fruit cakes at the kitchen table. It was inevitable that one day I would derive pleasure from baking cakes.'This

remains one of the most comprehensive collection of cake recipes published in one mammoth volume. Cakes Regional Traditional encompasses all the traditional, historical and regional cakes from the British Isles. With the combined circulation of cake making magazines exceeding 50,000 per issue the market for this book is assured as other cake making books specialize in either wedding cakes or children's novelty cakes and there is no one source for the hundreds of cakes which are such an integral part of British cooking.
