One of the "recipes" calls for BOX CAKE and there are zero pics. Ummm, I don't know about most people but cookbooks are a visual work and should have pics of the creations, at least 50% of them. This looks like it was printed in her basement. And seriously....box cake? I have been baking for a couple of decades and I thought this would bring some more flair to my kitchen. It looked nice in the bottom of my garbage can. This "author" should be ashamed of herself.
