Johnny Homer : Canterbury Pubs before purchasing it in order to gauge whether or not it would be worth my time, and all praised Canterbury Pubs:

Canterbury is a colourful and cosmopolitan city that manages to combine a rich and often dramatic history with a vibrant contemporary feel. You'll find no better illustration of this coming together of the old and the new than in the city's diverse variety of pubs. From hostelrys of genuine antiquity through to battered old backstreet boozers, and from cutting-edge brewpubs to craft-beer bars, this cathedral city really does offer something for everyone. People

have been enjoying the hospitality offered by Canterbury's many watering holes since before the city was immortalised by Chaucer back in the fourteenth century. Today that reputation continues as a teeming mix of locals, students, tourists and modern-day pilgrims look to quench their thirst. From bustling alehouses that maintain a live music scene echoing the Canterbury sound of the late 1960s, through to traditional taverns offering a more sedate atmosphere redolent of a seemingly bygone age, this book will guide you through the city's unique pub landscape.

About the Author Johnny Homer is a journalist, broadcaster and brewery tour guide. He was born and bred in central London and over the years has written for a variety of newspapers, magazines and websites. He has also been a staff journalist with Oracle Teletext, as editor of the daily BeatBox music magazine, the Press Association and Northcliffe Media, the latter as Sports Editor of the Canterbury Times series of newspapers. He is a regular and long-standing contributor to BBC London's Robert Elms show.
