Carrie Yeh : Carrie's Kitchen: Classic Taiwanese Home Cooking Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Carrie's Kitchen: Classic Taiwanese Home Cooking Book:

0 of 0 people found the following review helpful. One StarBy TamKooKardNot that great...

This is a creative illustration infographic and photographic Taiwanese home cooking book. Easy to understand, fun to make, and taste good. This Chinese/ Taiwanese home cooking book is for families and loves.

About the AuthorWhat is the meaning of cooking to me? Instead of just filling my familysquo;s stomach, cooking to me is a very joyful activity. Starting from thinking of menu, buying and preparing ingredients, cooking, decorating and to completing a whole dish, each step of the process brings something to me. It is hard to describe my satisfaction from cooking, especially when I see the happy faces on my familysquo;. Cooking at home is not handful at all. It depends on your choice of menu. Most of time simple ingredients with a simple cooking process still can create a delicious dish. The selections of 10 dishes in this book are my favorite and designed specifically for career women who have to work in day time and take care of family at night. Processes are very simple. I hope you all will like it.
