The book contains valuable information and is a must for the avid cook that want to know more about authentic Okinawan food. I have tried two recipes out of this book and they were outstanding.For the price that I paid, you cannot go wrong. This is a book that will join the army of books in my library!!0 of 0 people found the following review helpful. OkinawaBy SylviaMThis book is for anyone interested in Okinawa. It has a lot of recipes as well as interesting articles on the customs and culture of the Ryukyu Islands. This is a beautiful book - each page is very pretty and very well presented.
