Jay Harlow : Chinese Cooking at the Academy (California Culinary Academy) before purchasing it in order to gage whether or not it would be worth my time, and all praised Chinese Cooking at the Academy (California Culinary Academy):

4 of 4 people found the following review helpful. An excellent introduction to Chinese cooking.By KirkFGThis book is an exemplary overview of chinese cooking. The basics are covered in a simple to follow manner, organized in a progressive fashion which eases the reader into rapidly gaining confidence. The photographs depict techniques, ingredients, and the resulting dishes in a clear and concise fashion. Best of all the results are excellent tasting (while still open to fine tuning to suit your taste preferences.) I highly reccomend this book.
