Huang Su Huei, Su Huei Huang : Chinese Cuisine Wei Chuans Cook Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Chinese Cuisine Wei Chuans Cook Book:

1 of 1 people found the following review helpful. Authentic Chinese RecipesBy J. HongI've owned this book for 35 years.It is stained and dog-eared. It is a treasure trove of authentic Chinese recipes. The recipes are in Chinese and English with color pictures to help you visualize the final product. Most of the recipes call for MSG, but it can be omitted without altering the taste.If you're not a big "pork person," turkey meat, ground or sliced can be substituted. I highly recommend this book if you want to cook real Chinese food. Note: Be sure to check the ingredients you need first. I have been caught out many times.0 of 0 people found the following review helpful. Five StarsBy RENATE DOWLINGI am absolutely delighted.
