**Fuxiang Du, Xiaoqing Li : Chinese Culinary Culture** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Chinese Culinary Culture:

Many foreign tourists maintain that a journey to China must include the following contents: visiting historical sites and scenic spots, tasting delicious Chinese dishes and snacks, and appreciating the 5,000-year-old splendid culture of the Chinese nation. However, if a foreign friend who has no idea of Chinese culinary culture tries to taste typical delicious Chinese "food, it will not be easy, because China is very large and has many schools of Chinese cuisine. To help foreign tourists understand Chinese culinary culture, and give them a guide to delicious Chinese dishes and snacks, this book is compiled and published.
