2 of 2 people found the following review helpful. A Well-Stocked Chinese Cookbook!By James AnthonyIf you are on the hunt for some delicious new Chinese dishes to prepare, April Kelsey delivers the goods with this new volume of the Chinese Takeout Cookbook. Not only are there many old favorites, but with some simple and fun new takes on classic recipes, you will have lots of options to choose from in preparing new meals. With easy to follow directions and fifty different recipes, this book is a tremendous value to anyone who wants to try their hand at some new home Asian cuisine. Five stars!4 of 5 people found the following review helpful. Tons of recipes, very little love of food conveyed.By Wednesday Lee FridayI got this book for free with a request to give it a review. Let's start with the good:There are tons and tons of recipes for foods one would normally get as chinese takeout. In the back of the book, there are even more "bonus" recipes of more traditional American fare. If you're looking for a simple collection with ingredient lists and basic instructions, this is a good option for you.The less good:No pics. If you don't know what the food is supposed to look like, you still won't after reading this book.Layout is not so great, and many recipes don't even start on their own page. It's an eBook, so it's not as if it would be adding extra pages to make it look neater.The book feels...rushed, like it's trying to cram in as much information as possible. When I buy a cookbook, I want the recipes presented with love, or at least passion. This reads basically like a grocery list and doesn't provide historical or cultural context for any of the dishes. I think that's a particularly glaring omission in a cookbook that specializes in non-American cuisine.1 of 1 people found the following review helpful. This book has a nice variety of recipes and it covers some of my ...By JeffNThis book has a nice variety of recipes and it covers some of my favorites that I try to hit at the Chinese buffet. The recipes seems easy to follow and I hope to start creating a few of them soon.

Chinese Takeout Cookbook : Your Favorites 50 Chinese Takeout Recipes To Make At Home ( Including BONUS : 25 Chicken Recipes - 3 Step or Less ) Chinese food is one of the most popular cuisines in the world.
