A Favorite Cook BookBy Shop2MuchThis is one of my favorite cook books. Because it involves another culture and a different set of ingredients, it has a well written introduction of the ingredients and culture. The recipes are relatively easy to follow and the tastes good. I use this often.

Over 200 tempting and tasty recipes from China, Vietnam, Thailand, The Philippines, Indonesia, Malaysia and Japan, made simple and accessible for the Western Kitchen. Every recipe has step by step instructions and a color photograph of the finished dish to inspire and tempt you.
