received a bread machine as a gift a few weeks back and I must admit I wasn't overly excited by this proposition...at first lol. I decided to try it out a couple days ago and I was amazed at how good the bread tasted. And that my friends is what lead me to this great bread recipe book with oh so many interesting recipes that seem endless for a formerly basic bread kinda guy. Cinnamon Oatmeal Raisin, Strawberry Rhubarb and Apricot Almond are all here and so many other choices. I can't wait to try some of these delicious sounding (I'm sure tasting too) recipes.4 of 4 people found the following review helpful. This book will make you wonder why the bread machine isn't always out.By RyanWe've quite enjoyed this cookbook. We're finally getting some use out of the bread maker we got at our wedding. The recipes in this book are much better than ones that came with the bread machine. We especially enjoyed the English muffin recipe and the cinnamon raisin bread. Even the basic bread was better than store-bought. We can't wait to try more of them!2 of 2 people found the following review helpful. I love this book!By MondayI have an Oster CKSTBRTW20 Bread Maker (LOVE it). So far, I have made the recipes for Honey Grain, Sandwich, and Cheddar Cheese Bread. All of them turned out great! I'm looking forward to trying the Caramelized Onion Loaf as well as the Asiago Tomato Bread. More baking days ahead...Update - March 12, 2015: made the Caramelized Onion Loaf and it was so good! Even better with a smear of butter!

Homemade bread is something we all love but rarely have the time to make. Thanks to the bread machine, we can enjoy delicious loaves of warm bread with very little effort at all. The bread machine does the majority of work for us. This 131 recipe cookbook for the modern bread maker contains delicious recipes created especially for bread machines baking a 1frac12; to 2-pound loaf. It includes recipes for traditional breads and buns, sweet and savory breads, sourdough and whole grains breads, and even a selection of pizza dough and pretzels. The majority of the recipes in this cookbook are baked right in the bread machine. All you need to do is add ingredients, select a cooking cycle and enjoy the aroma and taste of homemade, fresh baked bread. Some recipes will require a little more effort. Most of these are recipes for rolls, buns and pizza dough. Still, the bread machine does most of the work for you. You will simply need to remove the dough from the machine, shape it into the desired form, and let it rise before baking in the oven. Get your bread machine out of storage and begin baking delicious homemade bread for your family. The Choice Bread Machine Recipes Cookbook has something for everyone to enjoy.
