Johnny Homer : City of London Pubs before purchasing it in order to gage whether or not it would be worth my time, and all praised City of London Pubs:

The City of London, the fabled ‘Square Milersquo;, is the financial hub of world trade. It is also an area with a rich and almost tangible history, a history that is reflected in its colourful and varied selection of pubs and watering holes. The city can boast one of the greatest densities of pubs anywhere in the world, and these pubs range from seventeenth-century taverns dating from just after the Great Fire of 1666 through to swish and hip modern bars catering for

today's modern 'city workers'. Amazingly there has been no dedicated book about the City of London's pubs in over forty years. Given the area's growing residential population, the hundreds of thousands who work there during the week and the huge number of tourists that visit every year, the time is right for a new guide to the city's diverse and myriad pubs.

About the Author Johnny Homer is a journalist, broadcaster and brewery tour guide. He was born and bred in central London and over the years has written for a variety of newspapers, magazines and websites. He has also been a staff journalist with Oracle Teletext, as editor of the daily BeatBox music magazine, the Press Association and Northcliffe Media, the latter as Sports Editor of the Canterbury Times series of newspapers. He is a regular and long-standing contributor to BBC London's Robert Elms show.
