Jane Suthering : Classic Cakes and Tempting Tortes (The Creative Cook) before purchasing it in order to gage whether or not it would be worth my time, and all praised Classic Cakes and Tempting Tortes (The Creative Cook):

1 of 1 people found the following review helpful. The book is a classic, too!By mocommentI'm not a real cake fan, but this book doesn't serve up the tired old birthday cake type recipes. In fact, 'cakes' is almost misleading. There are some cake type recipes, but probably nothing like you've seen before. I made the Poppy Seed and Strawberry Cake several times. For myself and to bring a dessert to gatherings. A dark, sort of dense cake, it uses only whole wheat flour which sets it apart from the generic box mixes itself. Great photos make you want to try to make what you see. While not a real thick book (with a ton of recipes you know you'll never use), this book contains the good stuff. A cookbook where you'll want to try almost every recipe. Out of a couple hundred cookbooks, most of which I never use, this one is one of the maybe ten that I do use often. Very pleased I got it.

Pictorial Cover; As New; Dust Jacket - Like New; Pictorial Cover. As New/As New. First American Edition. 9 1/4 x 10". Mint-condition cookbook from the Creative Cook series, with scrumptious recipes, beautifully illustrated with sumptuous color photos and drawings. 64 pages. Also available in this series are books on Asian cooking and Mediterranean cooking.
