Her newest cookbook, Coffee Cakes - Pound Cakes and Dessert Cakes is no different. Not only has Kessler offered up a good selection of recipes, but her cookbook is nicely formatted making it easy to navigate through her eBook. You will find plenty of traditional cakes and a few non-to-so

traditional cakes to try. Some of the recipes you will find include: Kumquat Coffee Cake (not-so-traditional to me) Black and Blue Coffee Cake Chocolate Chip Pound Cake Orange Angel Food Cake Mix in the Pan Carrot Cake with Cream Cheese Frosting Highly recommend. 1 of 1 people found the following review helpful. coffee and pound cakes By Jbarr5 Coffee Cakes and Pound Cakes (Delicious Recipes) Few pictures and no nutritional information. Lots of helpful information about baking this type of cake. Other works by the author are highlighted at the end. Was let down when there were just a few pictures and the combinations of the food used sound good but would be nice to actually see the finished product. With the ingredients you can tell this is not a very healthy cake recipes. Even with modifications to the eggs and butter content it'd be hard to duplicate the flavor. 0 of 0 people found the following review helpful. I made the chocolate chip pound cake and it was 'da bomb! I made the raspberry coffee cake for me and needless to say, I now need to put a bit extra time on my exercise bike. This is a lovely collection and what I've tried; wonderful. Recommended. Thank you!
