Policarpio Don't even think of getting the kindle version of this book as it is very incomplete with what seems to be more than 50% of the content missing. Very disappointing especially with the price of the kindle version being only less than a dollar difference from the paperback version. I returned this and will think twice now getting kindle versions in . I honestly feel cheated and it was never indicated in the listing that the Kindle version is incomplete. Riordan I have made many of the cakes from this book and every single one has generated rave reviews. This has become my one "go to" book when it comes to making cakes just to share with friends over coffee or to give as gifts. 7 of 8 people found the following review helpful. Yummy, Interesting and Healthy Recipes By Happy Mom Recipes are great. Not just eating white flour and sugar! Lots of recipes with fruit and nuts etc. Easy to make and well written with lots of nice photos.
