Unusual but very tasty international desserts and nothing overly complicated or with odd ingredients. Written with both British and American measurements, you may need to look up ingredients which may be listed by UK name (i.e. castor sugar).0 of 0 people found the following review helpful. Great cookbook for the home bakerBy ShannonThis is a really beautiful book with what look like great recipes. The recipes aren't too intimidating for the home baker, so I give it 5 stars for that and the gorgeous photos.

Coffee cakes are intended to be eaten alongside coffee at breakfast or during a coffee break but they do not necessarily contain coffee. Coffee cakes and pastries are often flavoured with chocolate, cinnamon or other spices, seeds, nuts and fruits; the perfect complement to your hot beverage. Choose from crunchy cookies, fruity pastries, moist muffins, rich brownies, creamy cheesecakes, sugar-dusted donuts and more. Chapters include Cookies Biscotti; Brownies, Bars Slices; Donuts; Buns Rolls; Pastries, Tarts, Cheesecakes; not forgetting the all important Muffins Cakes. Your cup of coffee need never be unaccompanied again!
